Tiger Docks Adds Second New Salesperson in 2015

O'FALLON, MO (April 8, 2015) – Tiger Docks® has announced the addition of Jason Howarth to the sales department for residential boat docks, lifts and marine accessories. Howarth joins residential sales veterans Marv Davis and Christine Davis, and Lisa Ellis, who was appointed in January.

A long-time resident of Lake Saint Louis and an avid boater, Howarth has over 15 years' sales experience, primarily with State Farm and CitiMortgage. In his previous positions, Howarth initiated sales training and tracking programs and designed quality control processes that improved profitability, accountability, and compliance. Additionally, he consistently exceeded sales goals and was recognized as a top seller.

"Jason's quick ability to grasp the details of our business, combined with his passion for problem-solving on behalf of the customer, has already made him a valuable member of our residential sales team," said Nick Davis, Tiger Docks president.

"Selling boat docks, boat lifts, and marine accessories is not all that different from selling the financial services I've sold previously," Howarth said. "Our customers typically already have a vision of their dream dock that will bring their family and friends together and create memories for years to come. Our job is really simple, we listen to our clients and turn those dreams into a reality for them."
