

Rockface Concrete Deck Panels

Why Use Concrete?

- Low maintenance
- Easy installation
- Durable
- Will not heat up under bare feet
- Solid walking surface
- Cannot rot or corrode
- Unaffected by salt water, heat and humidity

Why Use Rockface?

- Available in two 1-1/2" thick sizes: 2' wide square and 1' x 3' rectangle
- Industry's most innovative concrete decking
- Superior strength due to wire reinforcement in all blocks
- Manufactured with water repellent in the mix
- Slip-resistant textured surface resembles natural flagstone
- Ivory and Sunburst blended color options
- Custom colors also available
