FOR IMMEDIATE RELEASE

Tiger Docks Named TrexPro Platinum Dealer

O'FALLON, MO (February 20, 2015) – Trex Company, the world's largest manufacturer of high-performance wood-alternative decking and railing, recently named Tiger Docks™ a TrexPro Platinum Dealer. This is the highest level of recognition available for a Trex independent contractor, earned by Tiger Docks because of their experience and expertise in building custom docks, boat ramps and more with Trex products. As a TrexPro Platinum dealer, Tiger Docks can now offer their clients a free 25-year warranty on all Trex products, as well as free labor on any warranty work that may need to be performed.

Trex outdoor living products offer a wide range of style options with fewer ongoing maintenance requirements than wood, as well as a truly environmentally responsible choice. As the first company to combine the durability of recycled plastic with the natural beauty of reclaimed wood in a high-performance decking product, Trex leads the way in applying this proprietary technology to a wide variety of outdoor applications for low-maintenance, luxurious outdoor living.

The #1 Dock Builder & Supplier of Dock Construction Material in the Mid-West
tigerdocks.com

“Trex products offer our clients beauty, convenience and quality, with consistent decking that lasts longer, keeps its color, and is easy on bare feet,” said Nick Davis, Tiger Docks president. “Our relationship with Trex has been a win-win for our company and our clients’ projects. We are very proud that Tiger Docks has achieved the TrexPro Platinum dealer title.”

“As the only dock builder in the Midwest to have earned TrexPro Platinum status, Tiger Docks has applied our products in innovative ways on projects reaching from their home base in the St. Louis area, to Florida, to Hawaii,” said Neb Jovanonich, Trex regional sales manager.

Recent projects included recreational fishing docks for the parks departments in Belleville and Waterloo, Illinois, each of which incorporated a bridge system featuring ADA handrails with a dock made with Trex composite decking and a bench made from Trex as well.

Another recent project was the completion of service docks for the U.S. Navy at Pearl Harbor in Honolulu.

Headquartered in St. Charles County, Missouri, Tiger Docks has customers throughout the United States and in several other countries. Their products and services include floating boat docks, boat lifts, PWC (personal watercraft) lifts, wakeboarding water features, dock accessories, seawall projects, modular steel work barges, and marina development, with manufacturing and retail space in O’Fallon, Missouri, and a retail store in Honolulu. For more information, please visit Tiger Docks at www.tigerdocks.com or 1613 East Terra Lane in O’Fallon, Missouri, or call 636-272-4300.

About Tiger Docks

Founded in 1995, Tiger Docks™ is a floating dock manufacturer and marine construction company serving residential, commercial, industrial, community and government customers across the United States and abroad. Tiger Docks' efficient design-build system saves its clients time and money. Tiger Docks' vision is to use the latest technological advancements to build waterfront environments in which people can work, live and play. Tiger Docks offers quality products and expert advice, both in partnership with business and military clients and on behalf of families who are creating lasting memories. In addition to its design-build services, Tiger Docks is also a distributor of quality boat lifts and marine accessories.
