## ***The Touchless Cover***

The Touchless Cover offers you convenience, safety, and security. You'll use your boat more often when just a press of a button gently raises and lowers your cover. No more ropes and snaps! No more climbing all around your boat at the end of the day. Just walk away and know your investment is protected from the elements as well as uninvited guests. Other benefits of The Touchless Cover include:

- Custom made to fit your specific boat
- Operates independently of and is compatible with any boat lift on the market
- Highest quality marine-grade fabric with UV protection
- Ventilated design reduces mildew and mold
- No slipping or falling trying to cover boat
- Easily mounts on clamps — no drilling on dock structure
- Operated with remote control
- Can cover boats up to 60'+
- Ultimate protection from sun, rain, storm debris, wildlife and more
- Most effective way to safeguard your boat investment
- 5 yr limited warranty
