

Swim Ladders

PREMIUM SWIM LADDERS

- Our aluminum SWING ladders can be stored and secured up and out of the water 90° with a quick-release pin.
- A fixed S/S bolt through the ladder pivots in a self-lubricating brass bushing for maximum wear.
- Includes a wider step that is 3.5 inches deep; available in 3, 4, 5, 6, and 7-step versions.
- Perfect for keeping side rails and steps clean.

ECONOMY SWIM LADDERS

- Our aluminum STRAIGHT ladders make climbing in and out of the water easy.
- A variety of lengths will accommodate most installations.
- Perfect for seawalls and stationary docks with fluctuating water lines.
- 14-inch diameter handrail offers a sturdy grip every time.
